

Marine and industrial plant engineering

EN 561 STM probes

Product description

Male probe with an EN 561 standard profile on one side and a metal hose clamp profile for Ø 8/10 mm hoses on the other side. Each profile has a different size to prevent wrong connections between comburent and fuel gases.

Normatives

UNI EN ISO 9539:2014 | UNI EN ISO 9001:2008 | UNI EN 561:2004

Components

AISI 316 stainless steel gas specific body marked for gas type.

Product codes

GAS	CONNECTION	CODE
COMBURENTS	Ø 10 mm metal hose clamp	C0838
COMBURENTS	Ø 8 mm metal hose clamp	C0839
FUELS	Ø 10 mm metal hose clamp	C0840
FUELS	Ø 8 mm metal hose clamp	C0841

Technical data

CODE	GAS	CONNECTION
C0838	COMBURENTS	Ø 10 mm metal hose clamp
C0839	COMBURENTS	Ø 8 mm metal hose clamp
C0840	FUELS	Ø 10 mm metal hose clamp
C0841	FUELS	Ø 8 mm metal hose clamp
